FIRE & BLOOD

This photo shoot was inspired by the character Imperator Furiosa from the Mad Max Fury Road film. I've always been a fan of the Mad Max / Road Warrior films, and this was a great opportunity to bring this to life through a photo series.

I was inspired after attending Frightmare Weekend in Dallas, that I had to put some major creativity for the next shoot. I packed up all my camera gear, and found a piece of undeveloped land that resembled desert.

My daughter Ericka is always a delight to work with, and she really knows how to create a character through photos.

We had fun with the entire process, and put in some effort to create a wonderful photo series to submit to the official Mad Max Fury Road Fan Art Contest. We hope you enjoy the results.
