"What's needed is a sound intellectual framework for making decisions and the ability to keep emotions from corroding that framework."
WARREN BUFFET

FINANCIAL GRAVITY
IS THE INTELLECTUAL FRAMEWORK.

Are you frustrated that your CPA/Accountant/Bookkeeper, Insurance Agent, Financial Advisor and Attorney give conflicting advice that protects THEIR interests? You are left to gather an exceptionally complex set of moving data and laws and then YOU have to make decisions without the knowledge, experience or wisdom needed to decipher it all. Financial Gravity changes that!

Proactive Tax Planning, The Certified Tax Maste™ System
The FIRST step is Proactive Tax Planning! Payroll, Bookkeeping, and Tax Preparation support the Proactive Tax Plan. Small businesses don't just need their books done; we need actionable data, not just the P&L and Balance Sheet. You need to pay less of the confiscatory taxes that hamper your growth and prosperity. The Certified Tax Master Tax Blueprint and The Tax Operating System can help "Lower Tax | Increase Profit!"

Financial Coaching helps you achieve IMPACT
The "sound intellectual framework" helps reduce the risk of one strategy or product being the central focus of the overall plan. We strip away the bloated infrastructure that exists in the product driven brokerage and big bank models. As a result, we can pass reduced costs (and sometimes commissions) on to you. Our Investor Peace University helps with emotional discipline so that you can stop worrying and start living. This allows you to make an on yourself, your family and the world around you.

Insurance – Less is More
An unbiased approach for insurance products is desperately needed. We seek to maximize its effectiveness while minimizing cost. We are not captive to any company or products, so we can better help you accomplish your goals.

Financial Advisory Services
Our Registered Investment Advisory firm seeks to control what can be controlled: volatility, risk, costs, diversity and investor behavior. This approach, along with our monthly Investor Peace University classes, helps "keep emotions from corroding that framework"

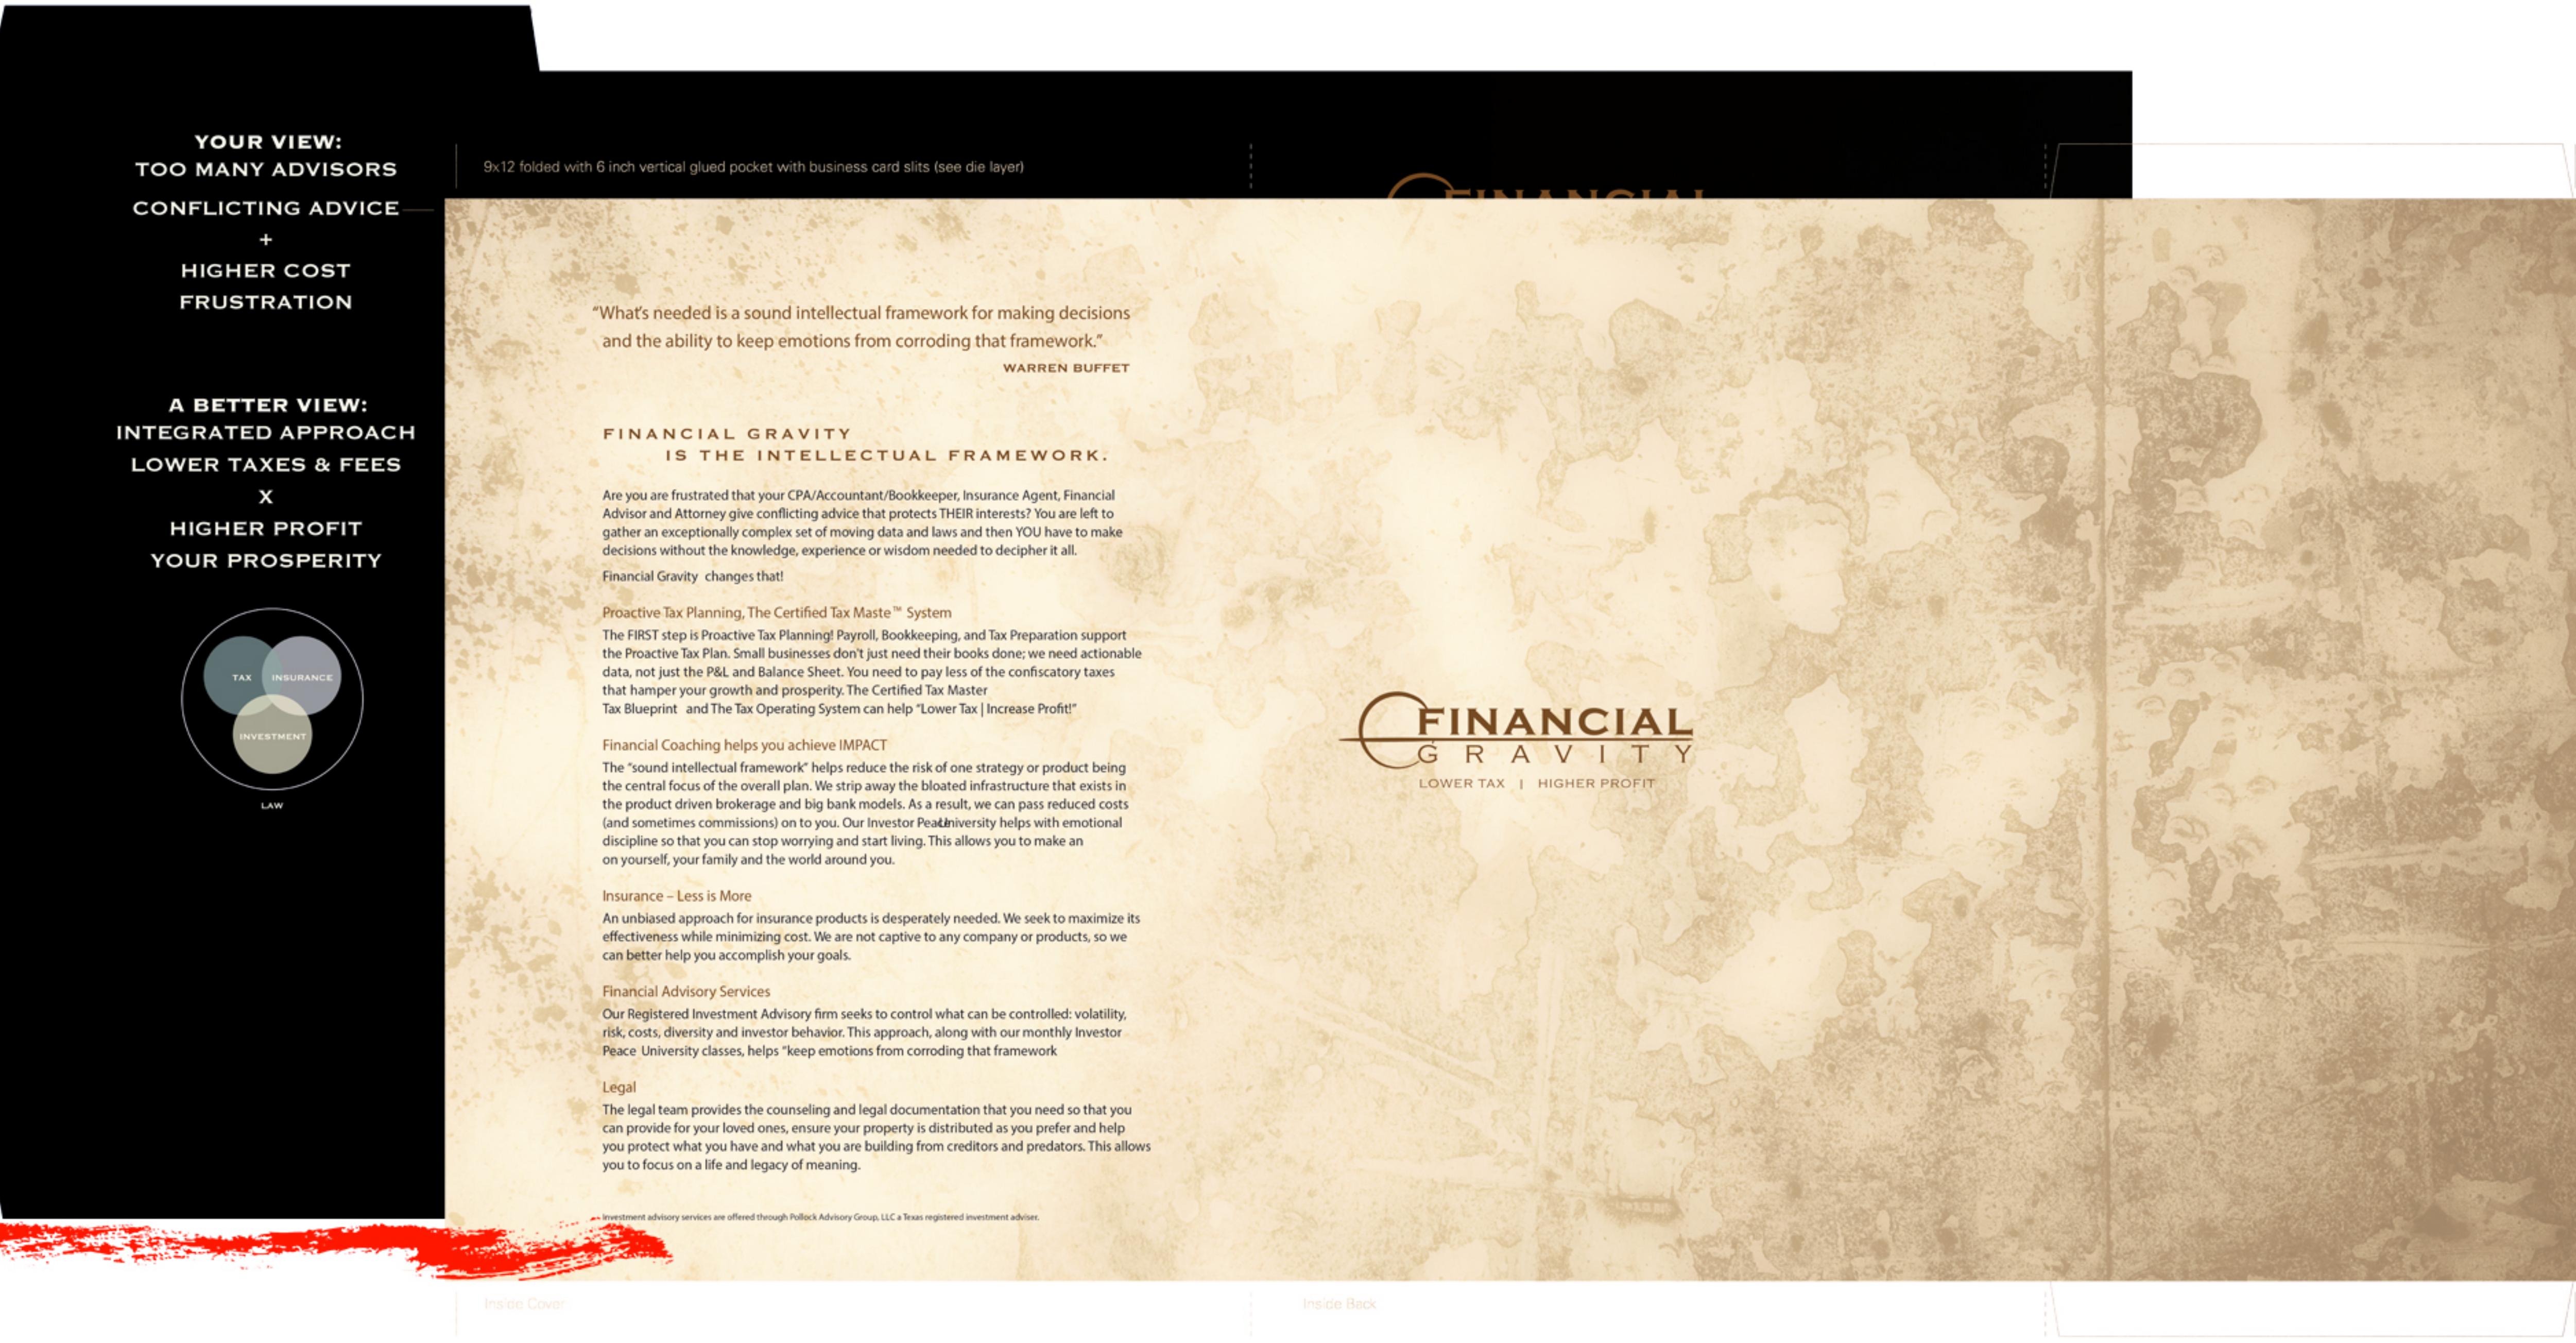

Legal
The legal team provides the counseling and legal documentation that you need so that you can provide for your loved ones, ensure your property is distributed as you prefer and help you protect what you have and what you are building from creditors and predators. This allows you to focus on a life and legacy of meaning.

Investment advisory services are offered through Pollock Advisory Group, LLC a Texas registered investment adviser.
